

# Heritage Park 12111 Pardee Taylor, MI 48180

## **Long Description (Accessible Description for Screen Readers)**

This map shows Heritage Park, a large public recreational area in Taylor, Michigan. The park contains a network of walking and biking trails, open green spaces, water features, and multiple recreational facilities.

The park is organized around a central system of paved and unpaved trails that loop through the area and connect various amenities. Trails branch off in multiple directions, forming a network that allows movement throughout the park.

Several bodies of water are visible, including lakes and ponds located near the center and eastern portions of the park. These water features are irregularly shaped and are connected visually to surrounding green space.

Key facilities and features include:

- Sports fields such as baseball and soccer fields located in open areas
- Playgrounds and picnic areas distributed throughout the park
- A community or event building located near a main entrance
- Parking lots positioned near entrances and major facilities
- Restroom facilities located near high-use areas
- Designated picnic shelters and gathering spaces

Roadways provide access to the park and connect parking areas. Entrances are located along the perimeter, allowing vehicle and pedestrian access.

The map uses visual symbols and color coding:

- Green areas represent grass, fields, and natural parkland
- Blue areas represent lakes and ponds
- Lines indicate trails and pathways
- Icons mark amenities such as restrooms, parking, and shelters

The map is oriented with north at the top.
